The Frazier Park Public Utility District will, by resolution, require the owner of record of the listed real property within the district to pay the fees, rates, or other charges for services that have become delinquent, together with interest and penalties thereon through the Kern County Assessor's Office on the tax roll in the same manner as property taxes as a lien on the property.

The General Manager has prepared and filed with the District Board of Directors a report that describes each affected parcel of real property and the amount of the delinquent fees and charges thereon.

At the public hearing, the Board of Directors shall hear and consider any objections or protests to the following information regarding the parcels and total delinquent charges as contained in the report.
