Application for Water Service Installation

Notice to All Applicants: A \$200.00 fee is due upon completion of this application. The application fee will be refunded only "if we are unable to provide service." If service is available the fee will be deducted from the cost of the installation.

Fees concerning connection or capacity charges for water service will be determined according to type and size. The Frazier Park Public Utility District's Board of Directors current Resolution at the time the new service is approved by the Board of Directors will apply. Other additional expenses necessary for installation such as, but not limited to, boring, cutting and restoration of AC etc. may apply.

This application is good for a maximum of six (6) months from the date of applicant's signature.

1. Upon approval of the application, 2. Payment in full of the required connection fee and 3. Proof of ownership of property, a "Will Serve Letter" will then be issued.
